Sound Bingo

Cut out your boards and counters and shuffle the counters.

Choose 9 counters from the top of the pile and place them on your bingo board.

The caller can use your practice sheet/cards to read the sounds in a random order.

If your sound is called – take off the card and keep it in a pile.

When your board is empty shout “BINGO!” and read the sounds in your pile to the bingo caller/

At the end, return all counters to the pack and shuffle them ready for the next time you play.

Sound Snap

Shuffle and deal the cards equally between players face down.

Turn your card over onto a pile in the middle and say the sound. If your sound matches the one underneath shout “snap!”

Memory Match

Lay all of the cards face down in a grid.

Turn over two at a time and say the sounds. See if you can match all the pairs.

Feed Fred with real words.

Feed Froz with alien words.

Read each word and choose who to feed!

Real Words

Cut out your words, shuffle the pile and place them here face down. Turn over a card, read it and decide who to feed!
