

Hi my name is Mrs Huntley-Hart and this is my 9th year at St. Mary's, working in Early Years. I have two children of my own, both of whom used to be at St. Mary's. My eldest is now 17 and attends a specialist provision school, my youngest has just entered Year 10 at one of the local secondary schools. Two teenagers in the house certainly keeps me busy. I am originally from a small town in Wiltshire, very similar to Pulborough. I went to Lancaster University and then completed my teacher training in the Lake District, and love to go back there when I can. I then went on to complete a Masters in Inclusion at Chichester University during my first year at St. Marys. Outside of education my real love is exploring the fantastic British coastline, particularly the farthest reaches of Cornwall and the Scillies. I also enjoy spending time at home, with my crazy cats, and in my garden - although that has not been very successful this year having not managed to grow my usual crop of watermelons. Thankfully, the school gardens have been more productive and we will once again be able to make our pumpkin soup come harvest time
