

International Day

St Mary's C of E School

3rd March 2023

On Friday 3rd March 2023, St Mary's C of E Aided Primary School held an International Day to celebrate the wide range of cultures, languages and countries that make up our wonderful world.

"I enjoyed making Algerian art and playing with the pizza dough and learning how they made it."

We wanted to acknowledge the links we have within our community to different places around the world and invited in parents and friends to share their experiences of other countries and languages.

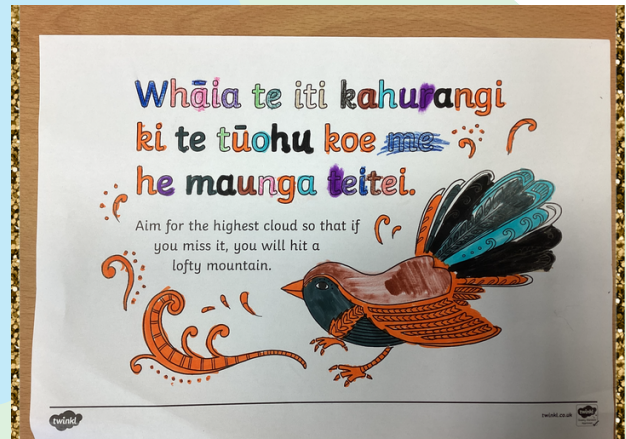

"I liked learning about how all the different people live their lives in different parts of the world."

As well as meeting our lovely volunteers, we also did some work in class. In particular, we focused on the languages of our class countries.

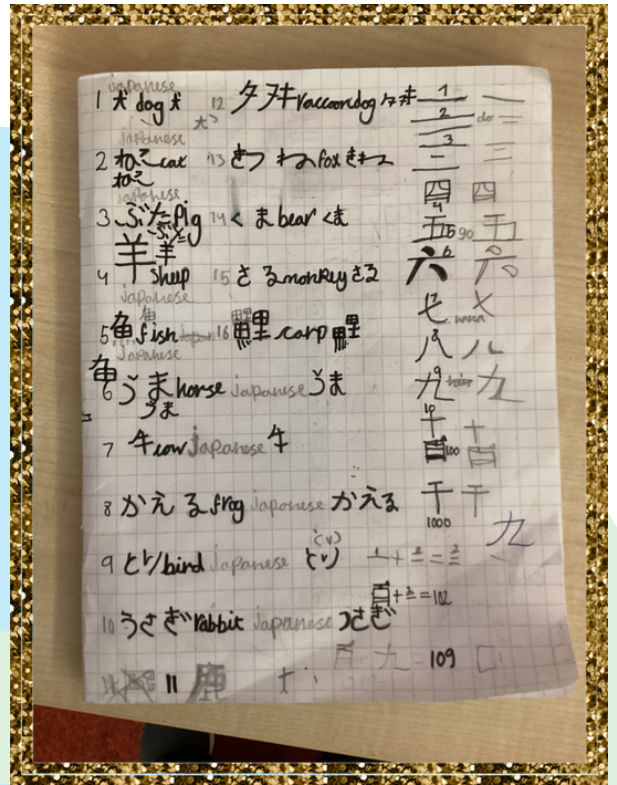

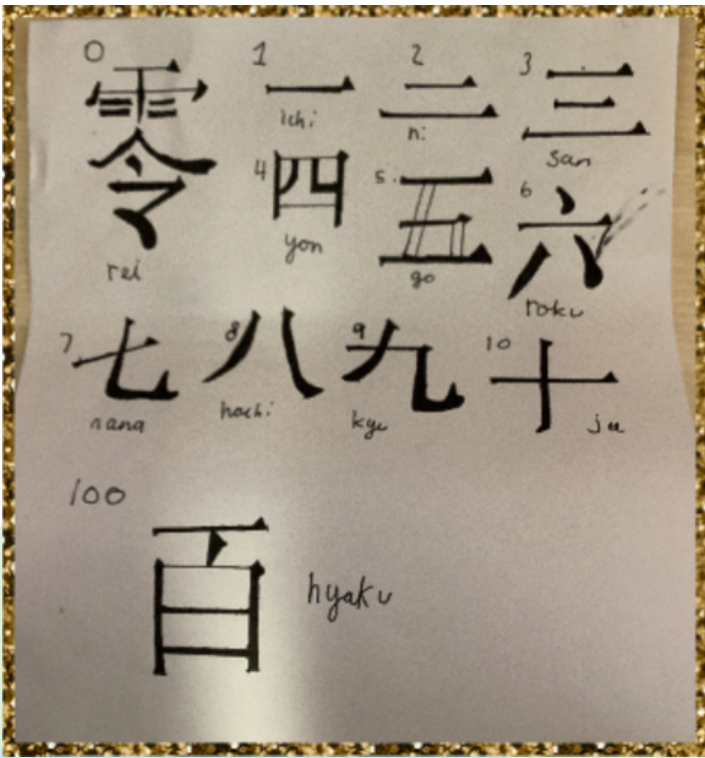

Learning about Maori in New Zealand class

Learning about Krio in Sierra Leone class

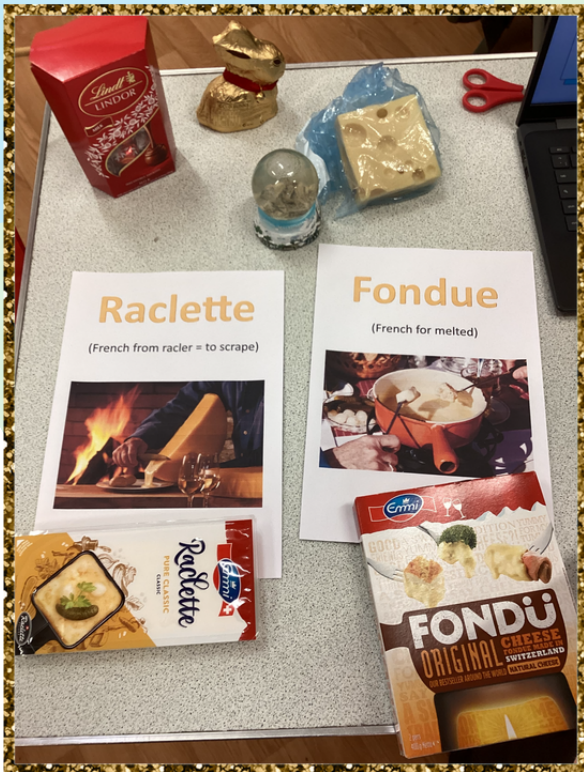

Learning about Japanese in Japan class

Learning about Afrikaans in South Africa class

"I loved learning about South Africa and Afrikaans because that language is mine as I am South African."

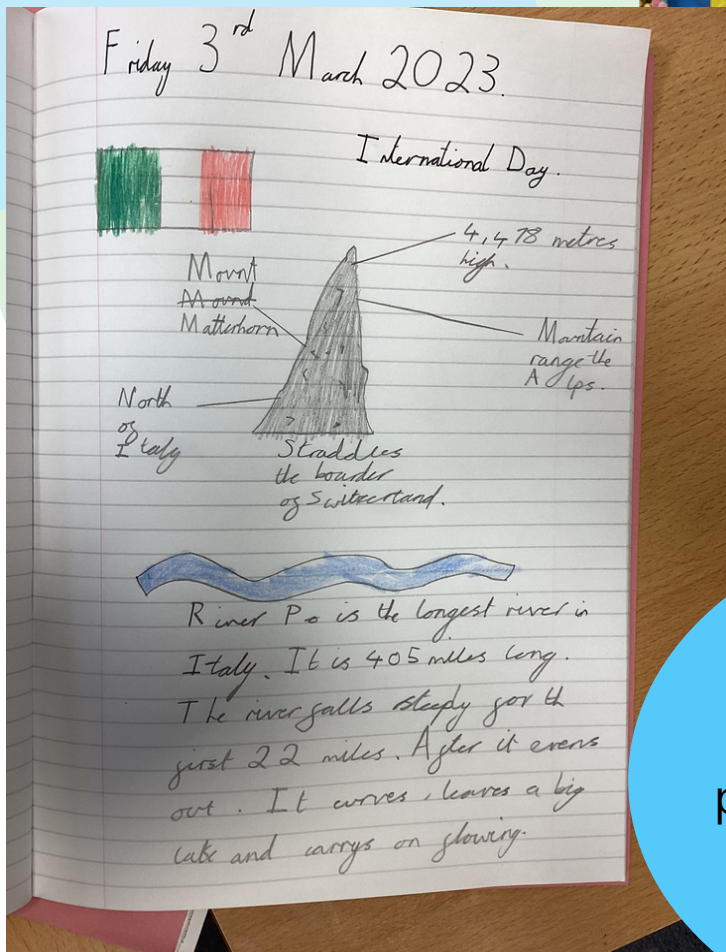

"I learned how Swiss Cheese was made. I never knew it was the bubbles in the pan that made the holes!

We had some lovely comments from our kind volunteers

It was lovely to see all the children and their responses. I did find it all interesting and thoughly enjoyed the day."

"I've had a great time and hope kids found my presentation entertaining. Will be happy to do it again next year!"
