

Hello, I am Mrs Baroni and I have been asked to introduce myself to the St. Mary's Primary School community. I am so excited to be the new India Class Teacher! For over 12 years I have been teaching Year 1 and Year 2 classes in a variety of schools in Cowfold, Warnham and Brighton.

At the age of ten my family and I immigrated to England from my birthplace Harare, Zimbabwe. I studied Biology at Plymouth University and had a successful career within the pharmaceutical sales industry, specialising in acute cardiac care. Prior to Primary teaching I managed a Montessori Nursery. In addition, I taught students in Horsham, Guildford and London to become qualified Nursery Practitioners. It is a privilege to shape and share learning journeys!

I live with my husband, two teenage daughters, two standard poodles, seven chickens and one elderly cat! I love hot weather and especially enjoy holidays in Greece whenever possible.
