WB 13<sup>th</sup> March 2023

As we head towards the end of the spring term, it is great to be able to celebrate so many events happening for the children. We are always keen to hear from parents so if you are pleased with something or you have a concern please do drop an email to the office or pop a note in the post box.

**Road situation** – We recognise that there are some ongoing problems with the road and we wanted parents to know that we continue to talk to the Parish Council and other councillors. We have asked for a lolly pop person and for a designated crossing. We are not having much success at the moment but will continue to push these conversations and will update you on our progress.

**Reports** – Reports are available to download from **MCAS from Friday 17<sup>th</sup> March**. UK class will receive their reports in the summer term. Booking for parent’s evening is open and you can discuss the school report with the class teacher. A letter has been emailed out today detailing the assessments that your child has undertaken and explaining what this might mean.

**SPLASH** – Tolerance - It was great to welcome SPLASH to our whole school worship. They talked about the word 'Tolerance'. We thought about the differences that we have and how we need to celebrate our differences. We learnt more about tolerance with a story about two mice who lived in very different places and liked very different things but were great friends. We looked at Romans in The Bible and talked about living in peace with everyone. We finished with a song about loving each other. Thank you so much for spreading such a fantastic message and starting our week in the best way.

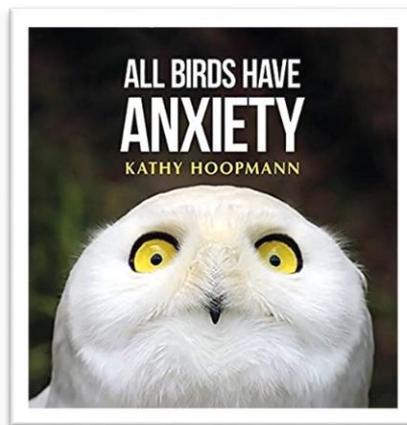

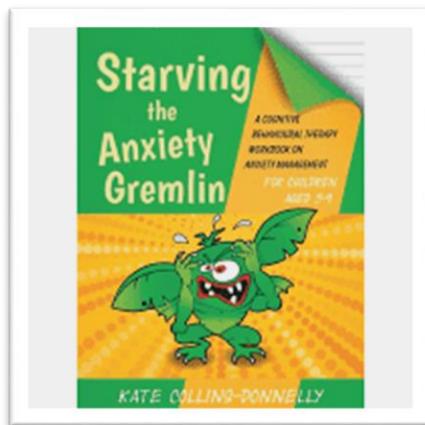

**Tea and Chat for writing** – Ever wondered how you inspire your child to write? Ever wondered what teachers look for when we mark writing? Ever wondered how you can support at home? Mrs Hatcher is running a tea and chat gathering and the focus will be on writing. **This will be at 9.30am – 10.30am on Wednesday 22nd March**. You don’t have to join in just listen and share a hot drink and a biscuit with us.

**Swimming pool timetable** – The swimming pool will be open from **Monday 17<sup>th</sup> April for the children in KS2**. It is a heated pool and we will ensure it is warm enough for the children to swim. **All swimming kits should be in a draw string bag please, including hats** (for shoulder length or longer hair), **swimming costume** (no bikinis) **and a towel**. **Please ensure this is bought in on the morning their class is swimming to ensure they are ready for their time slot as times can vary on the day.**

**SEND - Anxiety** – we are seeing cases of anxiety in school. Anxiety is normal (as long as proportional) but can feel scary and we work with children to teach them to regulate themselves and to control the feeling of anxiety. Anxiety can breed anxiety so remaining calm and reassuring is paramount. There are some brilliant books that explain what anxiety is to children. If a child was struggling with Maths, we would spend time with them to explain and find solutions. Teaching children to breathe, calm and use physical exercise to control the feeling (as this distracts the brain and resets it - one way!) is the best strategy. There are ways to help children and parents can work on this with their child to normalise it. If you feel there is more to the anxiety then the way forward is to discuss this with a doctor.

**Sierra Leone Clarinet Concert to parents** – This is going to be on Wednesday 22nd March and it will start at 11.30am – 12 noon. Parents are very welcome to attend to see the progress that the children have made.

**Vine leaves** – **Zac H (USA)** for humility as you always put others before yourself. **Oliver W (Ind)** for responsibility - he loves to do a job and is so helpful. **Harrison B (Ind)** for courage - he has joined our school with such confidence and has made a super start. **Skylla-Rae (USA)** - compassion - She always puts others before herself and shows compassion towards others. **Lewis (USA)** - friendship - Shows friendship towards others especially if they don't have anyone else to play with. **Hector (USA)** - wisdom. sharing his knowledge with USA class about the ozone layer. **Jensen LL (SA)** - for showing perseverance and resilience with your learning, even when you find things challenging. **Scarlett E (SA)** - for demonstrating fantastic creativity in our African art based on Esther Mahlangu. **Milo (NZ)** - generosity - for giving up his own time to help others. **Tai (NZ)** - perseverance - for trying his best when learning about new concepts in maths. **Sofia (UK)** for friendship as she is always taking care of others around her.

**Reflection** – [Justice 2023 - YouTube](#)

**Behaviour** – Sometimes children's behaviour at home can be a challenge. This website has useful links for parents and carers. <https://www.challengingbehaviour.org.uk/>

**School Disco - Tuesday 21<sup>st</sup> March 2023**

**EYFS & KS1 from 5pm – 6pm and KS2 from 6.15pm – 7.30pm**. Entry is £1.50 per child, payable on the door and there will be snacks and some bling available to purchase.

**\*NEW\* Afterschool club** – we are hoping to set up a new club, Nutritional Ninjas, a weekly cookery Club. The cost is £9.50 per child per week paid direct to the company running the club, this includes all ingredients. Please see attached flyer for more information.

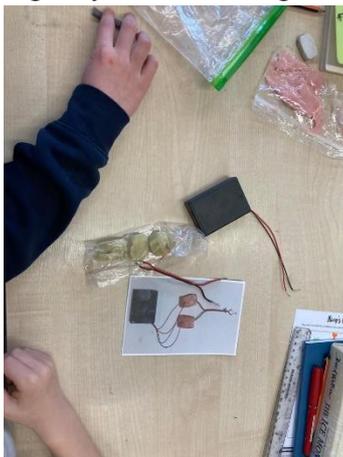

**Science Week competition** – Science week began on the 13<sup>th</sup> March and Mrs Farrant is running a photography competition. To enter either send/email in a digital photo to [sl@stmarysprimarypulborough.co.uk](mailto:sl@stmarysprimarypulborough.co.uk) or bring in a physical photo of signs of Spring. **Please make sure your child's name, class and reason why the photo reminds them of Spring is on the email or on the back of the photo.** The competition is in two age ranges, KS1 and KS2. There will be a prize for each key stage. **The closing date is Friday 24<sup>th</sup> March** when the winners will be announced.

**Science Week** – Thank you to Mrs Farrant for organising Science Week. We were thrilled to have a Cybersecurity visitor and a STEM scientist who worked with the children to enrich their knowledge of Science. There has been other Science experiments going on in classrooms such as Newton's first law of motion (inertia), chromatography, candles, blubber gloves, circuits, insulators to name a few. Do talk to your child about the Science they have been doing.

Year 4 wrote, 'We had 3 different sized jars and we lit a candle and covered it with a glass jar. We counted how many seconds it took for the candle to go out in the different sized jars. We discussed that fire needed fuel (waxed wick in this case), oxygen and a source of ignition (match). Most children predicted that the candle in the large jar would take the longest to go out and some thought the middle jar and some children thought the small jar. The candle under the largest glass jar took the longest time to go out because there was more oxygen in the large jar.'

**Swimming Gala** - Well done to Freddie, William, Anna, Martha, Scarlett, Ruben, Harry and Olivia. The team swam so well and we were awarded two second place and two third place medals. The enthusiasm the team showed was just amazing and they swam as winners!

**Football** - Another Friday, another football tournament at Tanbridge House and this time it was the long awaited turn of the Year 5 boys. They got off to a perfect start with a 2-0 win over Southwater B with goals coming from **Leo D and Franco F**. That led to a decider against a strong Leechpool A team who just edged a 1-0 victory. The boys were placed in Tier 2 for the knockout stages and quickly put the disappointment of the previous game behind them by beating Shelley 3-1. A penalty from **Leo D** and one goal apiece from **Andre D and Joseph S** set up a decider for the top spot in Tier 2 against Arunside. A fantastic game between two evenly matched sides ended in a 0-0 draw and had to be decided through a FootGolf challenge. The boys fell just a few feet short of victory but ended runners up in Tier 2 and 6th place in the tournament standings. They have improved so much as a side and will continue to be a force to be reckoned with next year. Very well done to the whole squad –  
**Leo D (c), Rylee J, Harrison P, Franco F, Dexter B, Jens C, Flynn F, Andre D, Joseph S.**

### **Two Woods trip -**

It is great to see the Early Years children out in the woods. They have been learning about the seasons, creating art, using fine and gross motor skills and building on their spoken language. Thank you to Two Woods for having the children and staff for the day.

**ADULT REQUIRED!!! Forest School club** -We have the offer of a Forest School after school club on a Thursday for Y5/6 in Summer term but we need another adult volunteer for it to go ahead. Would anyone be able to come and help? Please let the office know.

**World of Work Day** - This was a brilliant opportunity for the children to see why we learn at school and the sorts of careers the children might be interested in. Thank you to Miss Sleat and the School Council for organising.

**Prayer Tree** - Thank you to Luna and her prayer group for creating this beautiful tree with our prayers on. The prayer group seems to get bigger each week.

**Residential Trips** - We have arranged parents' meetings for the parents of the children attending the Year 5 & Year 6 residential trips. These will take place on:-

**Thursday 20<sup>th</sup> April at 3.30pm for Year 6 Bethany House trip**

**Thursday 11<sup>th</sup> May at 3.30pm for the Year 5 Cobnor trip**
